Who: If you are in 6th, 7th, and 8th grade, come for a fun-filled weekend to experience nature's renewal and its wonderfully sweet gifts. We will be tapping the trees, collecting the sap, boiling it all over a big fire as we participate in the transformation of sap into syrup. So come to this great place and see first hand, God's gift of Resurrection in the coming of Spring. We will be following the same techniques used by Native Americans for thousands of years. Bring your warm clothes, mittens, hats, boots, and smiles.
