

# The UCC Northeast Environmental Justice Center

At Silver Lake Conference Center, Sharon, Connecticut

We are growing a movement of leaders who understand their role as stewards of the earth, who will help to create a just and sustainable future for all.

Participants of the 2017 Environmental Justice for All! retreat at Silver Lake Conference Center.

UCC Environmental Justice at SLCC

## Mission

We inspire and motivate individuals and communities to restore and sustain God's Creation in ways that are responsible, faithful, and just. We provide transformative, justice-centered approaches to climate and environmental justice, in a way that empowers individuals and communities to be bold witnesses and leaders in their communities.

# UNITED CHURCH OF CHRIST

The Environmental Justice Center is made possible by partnerships with the CTUCC, UCC Justice & Witness Ministries, MACUCC, Silver Lake Conference Center, and you!
