

Environmental Justice for All!

5th Annual Leadership Training Retreat Grades 9-12 May 18-20, 2018

make a difference in your community!

Are you concerned or want to know more about environmental issues in your neighborhood? Do you want to learn what you can do to make a difference?

Join us May 18-20, 2018,, at Silver Lake Conference Center to meet other young people like you, who care about the health of their communities, and to find out how to take action!

challenge yourself!

In addition to exploring a faith-based approach to environmental justice, we will tackle team challenges on the low ropes course and plant seedlings in the organic vegetable garden.

This is an intentionally diverse conference. Youth from minority populations are especially encouraged to attend. We are seeking a broad diversity of people to be present at this year's retreat!
